EMPLOYMENT

Web.com • Design Manager

05/2012 - Present

As Design Manager I lead a team of five designers. My team is responsible for hundreds of projects a month from all aspects of the organization. Primarily we support marketing efforts including website design and email campaigns for our top three brands: Web.com, Register.com and Network Solutions.

Web.com • Graphic Designer

01/2009 - 05/2012

My primary responsibility was for designing and coding the pages for the Web.com storefront. I focused on designing for conversion as well as code optimization for speed.

Partner Alliances • Freelance Designer and Developer

01/2005 - Present

With Jeff at Partner Alliances, I am responsible for taking input he has received from the client and translating his direction into working designs. My responsibilities include, but are not limited to, web design, responsive web development and illustration.

WALA Fox10; Mobile, AL • Graphic Designer

01/2007 - 11/2008

My responsibilities at WALA included television promotion production, print design, the design and implementation of opens and graphics for news segments and other day to day design requirements.

WPMI NBC 15; Mobile, AL • Commercial Producer

03/2004 - 01/2007

Jefferson Davis Community College • PHP Developer

12/2002 - 03/2004
